

You may use the purchased Resource in a new End Product as long as the End Product meets the following requirements:

1. End Products must be significantly different than the original Resource. You must combine the Resources with other creative elements to form an Original Design. An Original Design would be something you put time, effort and skill to produce, ensuring the Resources are not the primary integrity of the Design or End Product, and you have combined the Resources with other original design work.

The original Graphic file used to create the End Product cannot be extracted or separated by the customer when the End Product is being sold to the customer via electronic means. The customer is only permitted to use the said End Product, but not the original Graphic file.

2. An End Product For Sale can be either a digital design or physical item that you and/or your client intend to sell to more than a single person for any type of fee or charge, but ensuring that no third parties are able to extract the original resource.

3. You are not allowed to share, resell or distribute Graphics on a standalone basis or include Graphics in the sale of template products (e.g. a website theme or logo template).

4. Graphics shall only be used as a design element of an End Product. Graphics shall not be installed, embedded or integrated in any software, program, application etc. E.g. installing our Graphics into an application that allows You to select our Graphics to make Your own T-Shirt design is strictly prohibited.

Restrictions:

Sub-licence, resell, redistribute, provide access to, share or transfer any Resources, (e.g. as stock, in a tool, app or template, with source files, and/or not incorporated into an End Product) under any circumstances, not even for free. You agree to take all commercially reasonable steps to prevent third parties from accessing and/or duplicating the Resources.
